About St. Pölten UAS

St. Pölten University of Applied Sciences is locally anchored, globally connected and stands for qualitative academic education. The linking of issues in teaching and research creates room for interdisciplinary scientific findings, products and solutions for the economy and society. 3,547 students receive a practice-oriented academic education in 26 study programmes¹ and numerous continuing education courses.

on, knowledge transfer
(incl. ForschungsGmbH)

1.441 million EUR
revenues from further-
education

0.644 million EUR
other revenues

¹⁾ The decline compared to 2017 is due to the restructuring between FH St. Pölten GmbH and Hochschulen St. Pölten Holding GmbH. As per 01/01/2018, 16 staff members were reallocated to the latter. The shareholder contributions of the state capital St. Pölten remain with Hochschulen St. Pölten Holding GmbH, thus covering the costs of the central university service units.
