

We are looking for a:

# Researcher Data Science f/m/d

Department of Computer Science and Security

 **3100 St. Pölten - Campus-Platz 1**

 **20h**

 **immediately**

**Apply now!**

With more than 4,000 students in nine topic areas, the St. Pölten University of Applied Sciences is a key player in the Austrian higher education sector and one of the most important employers in the region. The St. Pölten UAS stands for unique creative possibilities as well as team-oriented collaboration and leaves room for individual development and personal growth.

Staff members also profit from our European network within the context of the University Alliance E<sup>3</sup>UDRES<sup>2</sup>! The University of Applied Sciences is constantly growing.

## What you will be working on:

- You independently work on scientific research projects in the field of Data Science
- You teach, involve students in project work, and supervise bachelor theses that have a reference to the focus areas of your research
- You contribute to scientific works as co-author and publish papers on your own
- You are involved in project acquisition in the area of Data Science
- You hold lectures at international conferences, thereby establishing and expanding your scientific network

## What we expect from you:

- Completed doctorate/PhD (or similar qualification) in the STEM disciplines
- Knowledge and several years of experience in the research area of Data Science (data collection, processing, and analysis)
- Experience in the management of R&D projects
- Good programming skills in Python and/or R
- Very good written and oral German and English language skills
- Team player but also able to manage work packages independently
- Willingness to become acquainted with new research areas, analyse problems, and find solutions quickly

 Flexible working hours

 Remote Work

 More Leisure time

 Further training & Development

 Childcare

 International exchange

 Health promotion

**More Benefits**

## What we offer:

- Long-term employment in a modern, flexible work environment at the St. Pölten University of Applied Sciences with various work opportunities (e.g., remote work, creative spaces, etc.) as well as numerous benefits and further trainings
- More free time for our staff: additional special leave days from 24/12 to 31/12 as well as on Good Friday
- Permanent contract in an innovative, open-minded, and internationally oriented environment
- A gross annual salary that takes your qualifications into account: at least **€ 56.000,-** based on full-time employment (40h) with flexitime option (no core times) and comp time

For the St. Pölten University of Applied Sciences, the variety and diversity of its staff members is the key to innovation, success, and further development. We particularly welcome and give precedence to applications by qualified women, trans\*, inter\* and non-binary persons and persons with disability in case of equal suitability. We explicitly invite persons with a migration background to apply. We look forward to receiving your application!
